September 21, 2010

Dear Folk Collection,

I just wanted to let you know how much our group down here appreciated you all last evening. We had a great crowd; you are/were wonderful to work with. You were very well-received and achieving a standing ovation, which down here is like a gem (precious and few), was a great indication how much our group enjoyed you! Thanks to all of you for working with me and Green Valley! I am including a statement from a member, that I received via email this morning, I don't get too many of these either - so this was great!

"What a great way to kick off the new season! Loved the concert."

Thanks again,
Bobbie Young
Recreation Supervisor
Green Valley Recreation
