

Old Town Music Hall

Home of the MIGHTY WURLITZER theater pipe organ

On August 13, 2006, Old Town Music Hall was proud to present "The Folk Collection" to a near-capacity crowd, by far the largest attendance of the concert season. The ever-appreciative audience was treated to a nostalgic trip down memory lane to recall their favorite music of the 60s folk era. Through a harmonic blend of voices and instruments, the entire performance was nothing short of stunning. At the conclusion of the concert a standing ovation was given to the performers, the length of which has never been matched at Old Town Music Hall. The audience left with smiles on their faces and Old Town Music Hall was inundated with many requests that "The Folk Collection" return for an encore engagement. Since that time, additional requests have been received through telephone calls, letters, and emails. Old Town Music Hall is happy to announce that we are anticipating the return of "The Folk Collection" in 2008.
